Petition for Variance

Dear Mr. Shapiro:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above-referenced petition, which was accepted for filing on April 21, 1994 and scheduled for a hearing accordingly. Any attached comments from a reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e., zoning commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Any comments submitted thus far from the members of ZAC that offer or request information on your petition are attached. Only those comments that are informative will be forwarded to you; those that are not informative will be placed in the hearing file.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

1. The director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by zoning personnel.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Deputy Zoning Commissioner as a Petition for Variance from the Baltimore County Zoning Regulations (B.C.Z.R.) to permit three (3) identification signs for the subject property, known as Carlton Square, located in the Cockeysville area of northern Baltimore County. The Petition was filed by the owners of the property, Carlton Square Association, Inc., by Michael D. Crosby, President, through their attorney, Harry S. Shapiro, Esquire. Specifically, the Petitioners seek relief from Section 413.1.E of the B.C.Z.R. to permit three (3) single-faced, freestanding signs with a combined total of 53.6 sq.ft., in lieu of the permitted one sign of 15 sq.ft. total. The subject property and relief requested are more particularly described on the plan submitted into evidence as Petitioner's Exhibit 1.

Appearing on behalf of the Petition were Michael Crosby, President of the Carlton Square Association, Inc., property owners, and the attorney for the petitioners, Harry S. Shapiro, Esquire. There were no protestants present.

Testimony and evidence presented revealed that the subject property is the site of the subdivision known as Carlton Square, a community of 100 townhouse units. The Petitioners are desirous of installing identification signs at the three entrances to the site in accordance with the

sign plans submitted as Petitioner's Exhibit 1. Due to the size of this development and the fact that access to the site is located off of three different intersections, the Petitioners believe the proposed signage is necessary in order to adequately identify their property.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether the grant would do substantial injustice to applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give substantial relief; and
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

It is clear from the testimony that if the variance is granted, such use, as proposed, will not be contrary to the spirit of the B.C.Z.R. and will not result in any injury to the public good.

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the variance is not granted. It has been established that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of this variance request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel.

In addition, the variance requested will not cause any injury to the public health, safety or general welfare. Further, the granting of the Petitioner's request is in strict harmony with the spirit and intent of the B.C.Z.R.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the variance requested should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 24 day of June, 1994 that the Petition for Variance seeking relief from Section 413.1.E of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit three (3) single-faced, freestanding signs with a combined total of 53.6 sq.ft. of signage, in lieu of the permitted one sign of 15 sq.ft. total, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restriction:

- 1) The Petitioners may apply for their sign permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the relief granted herein shall be rescinded.

Petition for Variance

Dear Mr. Shapiro:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above-referenced petition, which was accepted for filing on April 21, 1994 and scheduled for a hearing accordingly. Any attached comments from a reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e., zoning commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Any comments submitted thus far from the members of ZAC that offer or request information on your petition are attached. Only those comments that are informative will be forwarded to you; those that are not informative will be placed in the hearing file.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

1. The director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by zoning personnel.

* BEFORE THE
* DEPUTY ZONING COMMISSIONER
* OF BALTIMORE COUNTY
* Case No. 94-414-A
* Petitioners

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Deputy Zoning Commissioner as a Petition for Variance from the Baltimore County Zoning Regulations (B.C.Z.R.) to permit three (3) identification signs for the subject property, known as Carlton Square, located in the Cockeysville area of northern Baltimore County. The Petition was filed by the owners of the property, Carlton Square Association, Inc., by Michael D. Crosby, President, through their attorney, Harry S. Shapiro, Esquire. Specifically, the Petitioners seek relief from Section 413.1.E of the B.C.Z.R. to permit three (3) single-faced, freestanding signs with a combined total of 53.6 sq.ft., in lieu of the permitted one sign of 15 sq.ft. total. The subject property and relief requested are more particularly described on the plan submitted into evidence as Petitioner's Exhibit 1.

Appearing on behalf of the Petition were Michael Crosby, President of the Carlton Square Association, Inc., property owners, and the attorney for the petitioners, Harry S. Shapiro, Esquire. There were no protestants present.

Testimony and evidence presented revealed that the subject property is the site of the subdivision known as Carlton Square, a community of 100 townhouse units. The Petitioners are desirous of installing identification signs at the three entrances to the site in accordance with the

sign plans submitted as Petitioner's Exhibit 1. Due to the size of this development and the fact that access to the site is located off of three different intersections, the Petitioners believe the proposed signage is necessary in order to adequately identify their property.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether the grant would do substantial injustice to applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give substantial relief; and
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

It is clear from the testimony that if the variance is granted, such use, as proposed, will not be contrary to the spirit of the B.C.Z.R. and will not result in any injury to the public good.

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the variance is not granted. It has been established that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of this variance request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel.

In addition, the variance requested will not cause any injury to the public health, safety or general welfare. Further, the granting of the Petitioner's request is in strict harmony with the spirit and intent of the B.C.Z.R.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the variance requested should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 24 day of June, 1994 that the Petition for Variance seeking relief from Section 413.1.E of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit three (3) single-faced, freestanding signs with a combined total of 53.6 sq.ft. of signage, in lieu of the permitted one sign of 15 sq.ft. total, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restriction:

- 1) The Petitioners may apply for their sign permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the relief granted herein shall be rescinded.
